

THRIADX BUILDING SOLUTIONS PVT.LTD

**THE ULTIMATE DESTINATION FOR YOUR BUILDING
REQUIREMENTS**

hello@thriadx.com

Welcome To Our Company

Who We Are

Thriadx is an Building Solution Maker and service partner specializing in comprehensive solutions for projects and maintenance needs.

***Our Expertise:** Our network includes knowledgeable engineers specializing in Mechanical, Electrical, and Plumbing (MEP) systems, ensuring accurate and efficient project solutions.*

- **Establishment**

Founded on 2nd June 2023, with the vision of becoming an industry leader

- **Commitment**

As a trusted partner, we aim to exceed expectations, deliver high-quality results, and provide exceptional customer service

- **Services Range**

Whether for new projects requiring Building solutions or reliable maintenance through AMC services, Thriadx is committed to delivering excellence and helping clients achieve their goals

What we are

- **Integrated Approach**

- *We offer a seamless experience by providing all services under one roof, ensuring convenience and efficiency*

- **Nationwide Presence**

Our dedicated engineers across the country deliver top-notch, tailored solutions to meet specific project requirements

- **Technological Prowess**

Stay at the forefront of industry advancements with a team well-versed in the latest technologies and automation techniques

How we operate

Vision

Industry Transformation

- Transform the MEP industry through advanced technologies and expertise, delivering cutting-edge solutions

Go-to Partner Status

- Aim to become the preferred partner for clients seeking comprehensive MEP services, recognized for commitment to quality, integrity, and customer satisfaction

Built Environment Influence

- Aspire to shape the future of the built environment, emphasizing efficiency, sustainability, and excellence

Technological Leadership

- Embrace Latest Digital Tools
- Automation Techniques

Culture of Learning

- Foster a culture of learning and development within the team, empowering members to stay abreast of industry trends and best practices

Forward-Thinking Solutions

- Provide solutions that not only meet current client needs but anticipate future requirements

Undisputed Industry Leader

- Set New Standards
- Excellence and Sustainability

Innovation and Sustainability Integration

- Envision a future where innovation and sustainability coexist, contributing to a better world for future generations

Mission

Commitment to Excellence

- We are dedicated to maintaining the highest standards of quality and professionalism in all aspects of our work. Our mission is to consistently deliver excellence in Building solutions and services

Customer-Centric Approach

- At the core of our mission is a strong focus on our clients. We aim to understand their unique needs and challenges and tailor our solutions to meet and exceed their expectations

Innovation and Technology

- We are committed to staying at the forefront of technological advancements in the MEP industry. Our mission is to harness innovation to provide cutting-edge solutions that are both efficient and sustainable

Long-Term Partnerships

- We aim to build enduring relationships with our clients, suppliers, and partners. Our mission is to be a trusted, long-term partner in their success

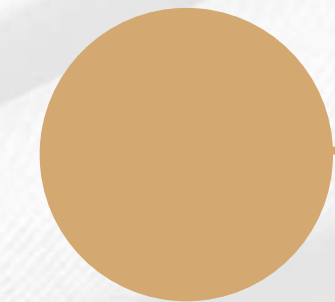

Safety First

- The safety of our employees, clients, and the public is paramount. Our mission is to maintain the highest safety standards and ensure that all our projects are executed with the utmost care and attention to safety

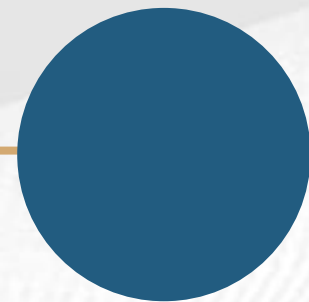

WHAT WE OFFER

Harness the potential of groundbreaking design as we seamlessly integrate it into our MEP (Mechanical, Electrical, and Plumbing) services, aligning with building norms and regulations. Our team of adept designers combines ingenuity and functionality to produce compelling designs that not only embody your vision but also adhere to industry standards..

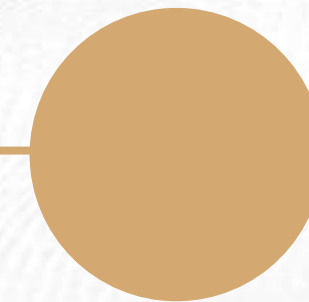

DESIGN

PROJECT EXECUTION

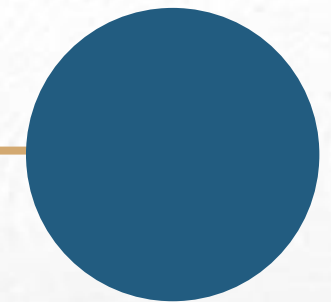

Experience the seamless execution of your projects with our meticulous approach. We bring together a network of skilled professionals, cutting-edge technologies, and efficient project management to ensure timely delivery and exceptional results.

Elevate your facility management with our comprehensive maintenance support. Our dedicated team provides proactive and responsive maintenance services, leveraging the latest technologies to optimize performance and minimize disruptions

MAINTENANCE SUPPORT

AUDITS AND ASSESSMENTS

Gain valuable insights into the efficiency and safety of your systems with our thorough audits and assessments. Our experienced professionals conduct detailed evaluations, identifying areas for improvement and ensuring compliance with industry standards

hello@thriadx.com

WHAT WE OFFER

Empower your workforce with our dynamic training and education programs. We offer customized workshops and interactive sessions that enhance skills, promote best practices, and foster a culture of continuous learning.

TRAINING AND EDUCATION

hello@thriadx.com

SUSTAINABILITY SOLUTIONS

Embrace sustainability with our eco-conscious approach to design and project execution. We integrate energy-efficient technologies, renewable resources, and sustainable practices to create environmentally friendly solutions that align with your goals.

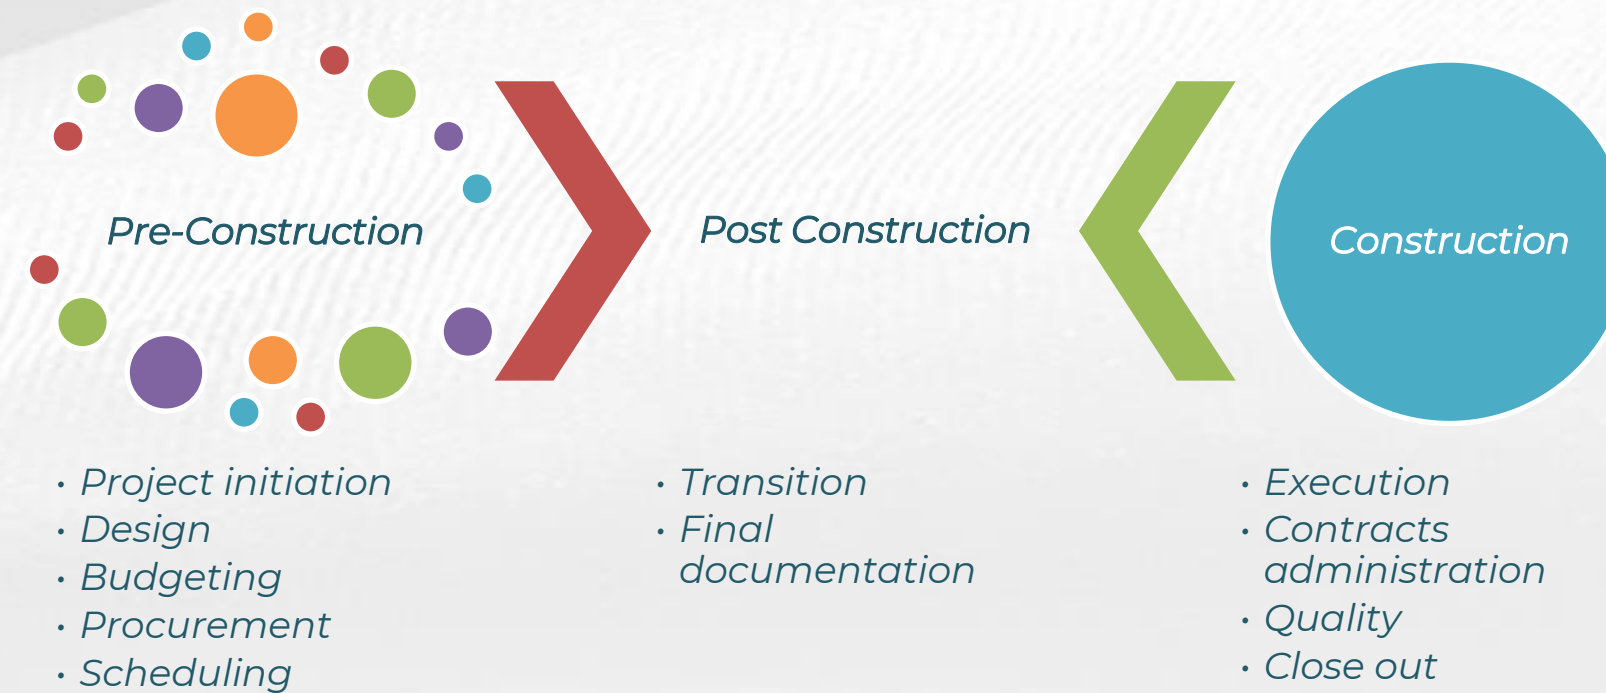

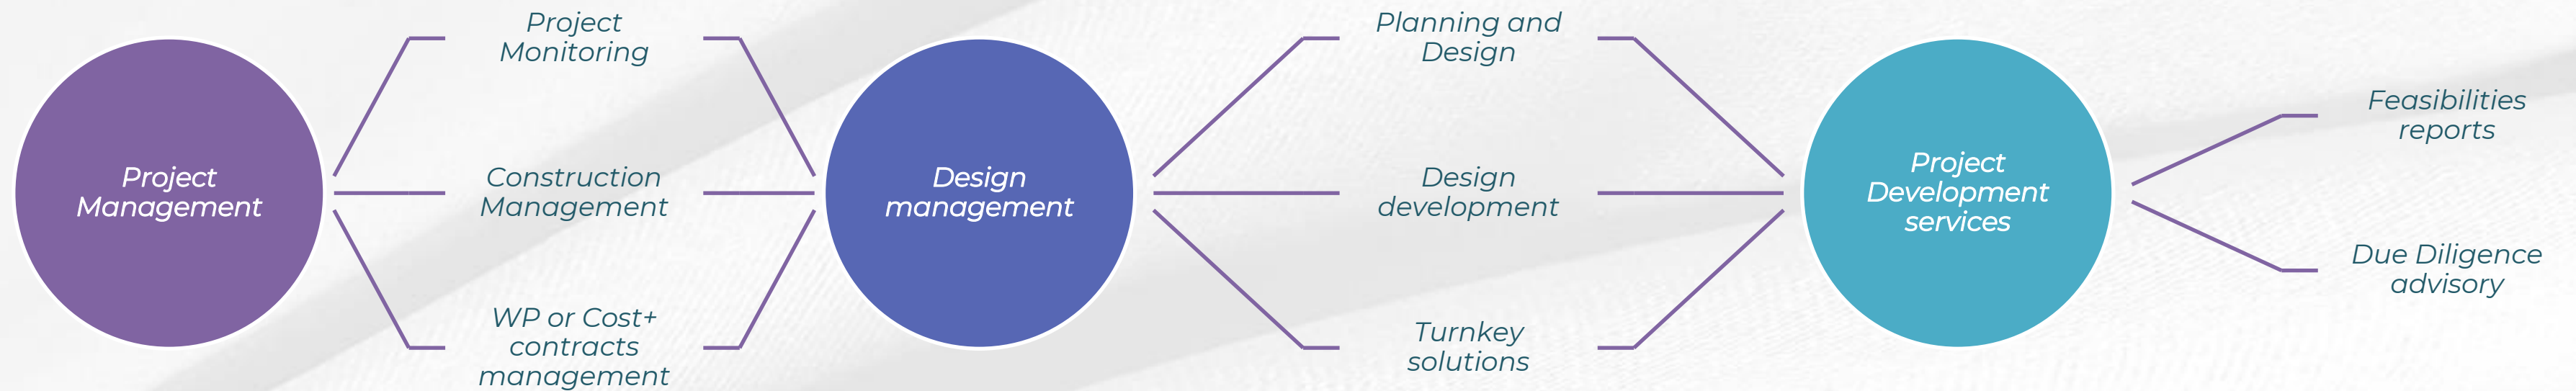

Seamlessly integrate cutting-edge technologies into your projects for enhanced functionality and efficiency. Our expertise in smart building systems, automation, and IoT enables us to create intelligent, interconnected spaces that optimize operations and user experience.

TECHNOLOGY INTEGRATION

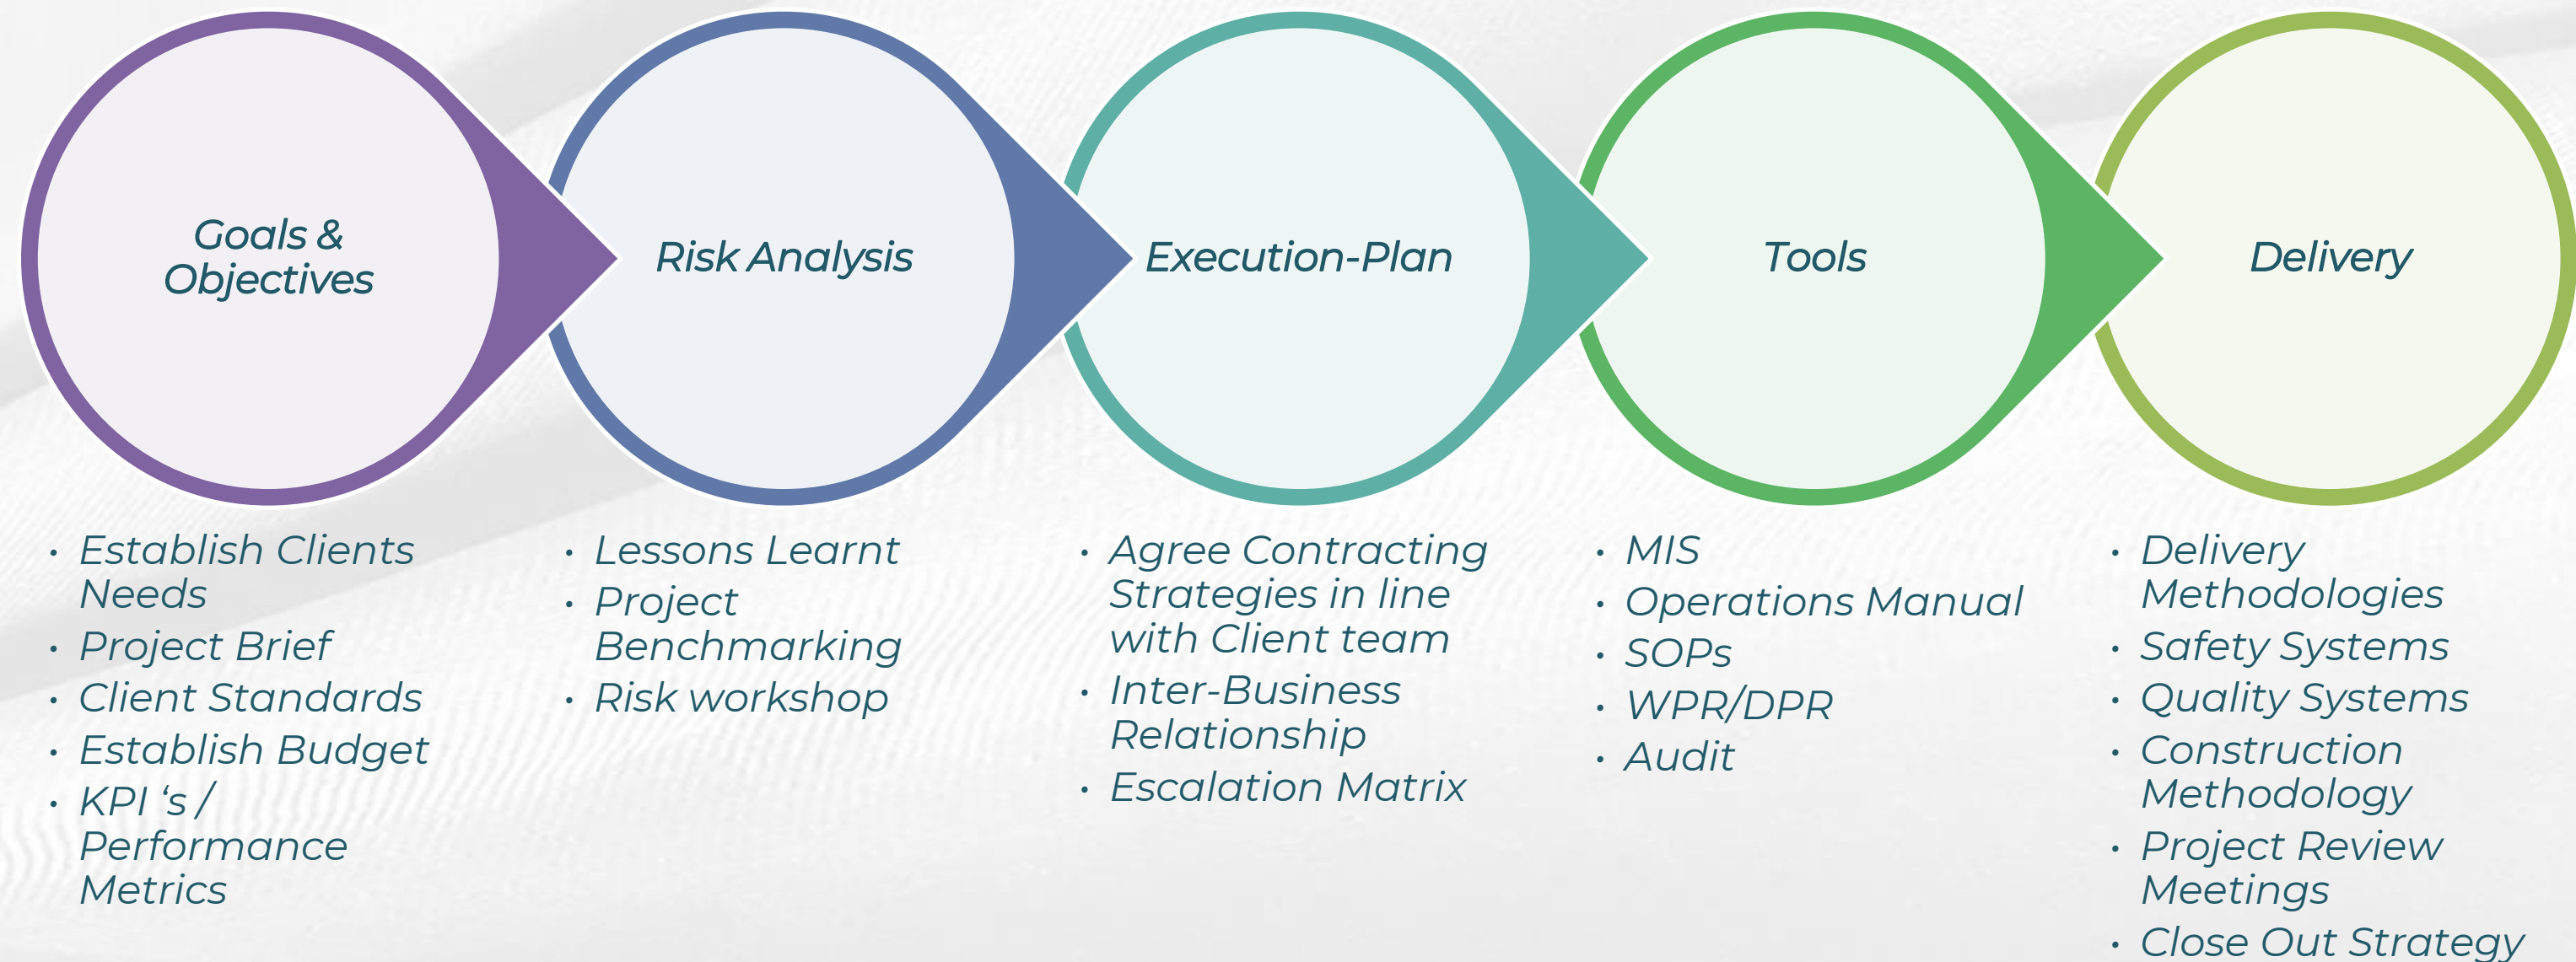

COLLABORATIVE APPROACH

We believe in the power of collaboration. Our team works closely with you throughout the entire process, fostering open communication, creative problem-solving, and a partnership mindset to deliver results that exceed your expectations
